**Course Requirements:**

## **Assignments**

Assignments serve as outcome measures of comprehension and application which are essential in gaining competency.

The course emphasizes active and interactive learning. Regular class participation involves completion of all assigned reading and independent learning activities and active engagement in class throughout the course consistently via Blackboard. It is expected that students read assignments prior to all class discussions, assignments and activities.

## **Discussion (75 points):**

(7 @ 2 Points Each) Discussions will be completed every other week throughout the semester on topics related to human behavior and development. Students will be expected to post early and often. Posts are graded according to relevance of content and active participation on the board. Each student must post an original response to the question and then respond to at a minimum of two (2) other students' posts. If you have an issue with a classmate, please contact the instructor immediately via e-mail. Do not confront the other student directly. Discussions can be accessed using the "Discussions" link on the left margin of the homepage of the Blackboard course or "Course Content" under the relevant week's folder that they are due.

Points will be assigned as follows:

0 = No discussion

0.5-1 = Little discussion and no significance to post(s)

1-1.5 = Significant post(s) but no discussion among classmates

2 = Lots of discussion and significant posts

When communicating online, it can be easy to overlook the fact that you are talking in black and white ink or in a public discussion. Though I expect lively and thoughtful discussions which reflect various perspectives in this course, personal attacks on another student of any kind are not acceptable. Students who engage in personal attacks will be subject to one of two courses of action:

- i. A score of 0 for the discussion and/or class participation as a whole
- ii. A letter grade of "F" and/or dismissal from the class

## **Turnitin Practice: (2 Points)**

Students will complete a sample Turnitin assignment by posting an original paper turned in previously for another class under the MSW degree program or their Bachelor's program, regardless of specialization. The material submitted will not be graded, it is to familiarize students with the Turnitin function.

## **Annotated Bibliography (5 Points)**

Information on creating an annotated bibliography can be found in the Week 4 folder, corresponding with the deadline for this assignment. This is to test APA comprehension.

## **Project (52 Points: 2 Points approval form, 25 Points paper, 25 Points presentation)**

Students will select a social justice issue to examine during the course of this class and tie it to the lifespan perspective, theoretical models, various levels of practice, and the strengths perspective. Papers and presentations will be completed on the same material. Guidelines are posted in the "Project Information" link on the left margin of the homepage of the Blackboard course.

**MyVirtualLife (27 Points)**

Students will participate in an online lab in conjunction with the Berk text. Guidelines will be posted in an announcement on the homepage of the Blackboard course.

**Grading Policy and Scale, Make-up Policy, Late Work:****Course Grade:**

ACTIVITY	POINTS	GRADING
Discussions 7 x 2 points	14	A = 90-100 points
Turnitin Practice	2	B = 80-89.9 points

Project		D = 60-69.9 points
Approval form	2	F = 59.9 points and under
Paper	25

<b>Total:</b>	100 Points	

**Late Assignments:**

Dependent on the assignment, the instructor may allow late submissions. Understand however, that students must email the instructor to request the late submission option. If the student elects to take this option, the highest score possible is reduced based on the length of delinquency. The instructor has sole discretion for approval of late submissions. More information will be posted in a class announcement.
