Professional Conduct

While shadowing, it is essential that you conduct yourself in a professional manner. All students are expected to:

- dress appropriately for a professional environment
- act respectfully to all employees and patients encountered
- maintain the required confidentiality for a health employee

- be punctual and assist as requested
- use of cellphones during observation time is forbidden

Remember you will probably need a recommendation from one of these professionals so do your best to impress them with your behavior. Also you will be an ambassador of Concord University so your behavior should be above reproach.

Withdrawal and Audit Policies

Faculty in the Division of Science, Mathematics and Health will not sign academic exceptions for withdrawal after the deadline for students earning a grade of D or F. Academic exceptions for withdrawal after the deadline will be considered for students earning grades of A, B, or C only under highly unusual circumstances. It is also the policy of the Division that students may not change to audit status in a course after the 10-week withdrawal deadline under any circumstances. In addition, changing to audit status will only be allowed if the student has regularly attended classes and continues to attend class following the conversion to audit. This course is not suitable for auditing.

Schedule of events

There will be an initial meeting of the class on the first date where a schedule of due dates for the semester will be distributed. This schedule will include due dates for journal submissions (three times during the semester) and the presentation. Students are expected to make progress towards completion of the course throughout the semester roughly equal to one third (15 hours) of the total shadowing hours between each journal submission.

Journal submissions due: Feb. 18 Apr. 1 May 3

Presentations will be held during the scheduled final examination period:

Wednesday, May 8 11:30-1:45

Academic Dishonesty

Academic dishonesty is morally unacceptable as well as destructive to the learning and teaching atmosphere. Academic dishonesty includes the giving or receiving of improper help on examinations or assignments, falsifying documents, and plagiarism (the act of stealing and using, as one's own, the ideas or the expression of the ideas of another). Such dishonesty can lead to a variety of penalties — including but not limited to failure of assignment, failure of course, loss of institutional privileges, or dismissal from the University. (See University Catalog Academic Policies and Procedures.)

Concord University Honor Code

A Concord University Honor Code was approved by students, staff, faculty, administration, and the CU Board of Governors. The Code states:

"As a member of the Concord University Community I will act with honesty and integrity in accordance with our fundamental principles and I will respect myself and others while challenging them to do the same."

The Honor Code is intended to unite the Concord community behind a culture of honesty, integrity, and civility.

Class/Online Attendance Policy

Regular class attendance is part of a student's academic obligation at Concord. Irregular attendance may affect academic performance adversely and is detrimental to the atmosphere of a class. (See University Catalog Academic Policies and Procedures.)

Alerts will only be used for security and safety notices. All students, faculty, and staff are eligible to receive text message alerts on their cell phones or email alerts.
